The image is a severely degraded scan of a document. It is characterized by heavy vertical banding and horizontal streaks, making the content almost entirely illegible. In the upper right area, there are some faint, dark markings that could be interpreted as the numbers '2', '10', and '4' arranged vertically, but they are not clear enough to be certain. The rest of the page is obscured by noise and artifacts from the scanning process.

This image shows a document page that has been severely degraded, possibly due to overexposure or damage during scanning. The page contains faint, mostly illegible markings that appear to be handwritten text or a ledger. Some discernible fragments include the words "RECEIVED" and "PAID TO ORDER OF" repeated across several rows. To the right of these entries, there are columns of numbers, such as "19", "232", "27", "6", "54", "02", "83.35", "586", and "4490". The overall quality is poor, with significant vertical banding and high contrast between the dark background and the light-colored markings.

A horizontal strip of six black and white film frames. The frames show a person in a dark, wooded area, possibly a forest or a field at night. The person is wearing a dark jacket and is looking towards the camera. The background is dark and blurry, with some light reflecting off the ground or foliage. The frames are arranged in a row, showing a sequence of images.

I have been thinking
 about you often
 and wondering how
 you are getting on
 I hope you are
 well and happy
 I have been very
 busy lately
 but I will write
 to you soon
 Love
 Mary
